APPOINTED DIRECTOR | Mental Health Society Not To Join Other Groups Now

A meeting of the Board of Directors of the Bucks Count Mental Health Society was held in Doylestown, Monday. The meeting was attended by Dr. Miles Garber, Director of the Tri-County Mental Health Clinics, Inc., and his staff which consists of Miss Elizabeth Guy and Miss Mary Flanigan. Two other guests were present; namely, Herbert Clarke from the Pennsylvania Mental Health Association and Richard Hunter from the Mental Health Association of Southeastern Pennsylvania. Each of these guests discussed the function of their agency in relation to the State of Pennsylvania and the local area. It was decided, for the present, that the Bucks County Mental Health Society would not affiliate with either one of these groups, but would make further study of their work and learn how the county could most benefit by the services that could be made available.

Plans were made for a meeting in the spring, to be held in the lower part of the county. The work of this program will be handled by: Mrs. Elliston Morris, Southampton; Mrs. Cecil Toor, Doylestown.

The directors were invited to attend a meeting to be held in Doylestown, Thursday, Feb. 19th, called by The Bucks County United Services Federation to discuss the organization of the Council in Bucks County. They were informed H. O'Brien, Branch Fund Additional Information To there would be four such meetings to be held in the fields of health, welfare, recreation and other community activities. The one on health will be held February 19, and Miss Berton, president, encouraged every member present to attend, if pos-

Charge Youth with Murdering Policeman

Westport, Conn .- A Massachusetts youth was charged today with the murder of a state policeman who stopped him for questioning about a stolen car in Trumbull last night. After intensive grilling, John Donahue, 20, of Arlington, Mass., allegedly signed a confession stating he shot and killed officer Ernest Morse. Morse died an hour after being admitted to a hospital, but he was able to give fellow officers a description of the car driven by the killer.

Allied Forces Smash Assault

Seoul-Allied forces smashed a 200-man Chinese assault on Korea's stern front early today after the attacking Communists had surround ed a United Nations outpost on Old Baldy Mountain. A few hours later American Sabrejet pilots shot down one Russian-made MIG-15 jet and damaged another in a renewal of air fighting over northwest Korea. On Old Baldy mountain, the attacking Communists, firing automatic weapons, cut off all communications of the Allied unit, but were finally repulsed after a bloody battle that lasted five hours and 20 minutes. Allied forces used heavy artillery and a mortar barrage to break the Communist circle. The battle highlighted a nightlong series of jabs made by both Communists and Allies fighting in snow and sleet at several points along the 155-mile front.

John W. Streeter, assistant director of the Fels Planetarium, points out that, comic strips to the contrary, there are still many hurdles to be overcome before a trip can be made to another planet.

Three of the most important problems to be solved are fuel, gravity and the expense of such an expedition.

"Rocket fuels are notoriously inefficient," Streeter cautioned. "The V-2 rocket of World War And all of it was expended in the And all o fit was expended in the first 60 seconds of flight. In a space rocket, the amount of fuel required would result in a payload that would be practically microscopic."

As for gravity, the astronomer doubts that any human being could retain a rational mind in pace travel because of the lack of gravity in the stratosphere.

"Inside a space ship," Streeter said, "the mere act of lifting a hand to scratch your nose would be sufficient motion to send you bouncing toward the ceiling. Your breath would collect in a little cloud in front of your face and strangle you.'

Street said the estimated cost of a space station a thousand or more miles up is \$4,000,000,000 and if it could be built a single hand grenade could blow the whole thing to pieces.

Fuel cost alone, he added, for a one-way trip would be at least \$3,000,000.

It seems as if the time is not imminent when a quiet drive to the country in the family chariot will be considered "old hat."

> God's Eternity and Man's Frailty PSALM 89

O God, you have been our refuge through all generations.

Before the mountains were begotten and the earth and the world were brought forth, from everlasting to everlasting you are God.

You turn man back to dust, saying, "Return, O children

of men.' For a thousand years in your sight are as yesterday, now

that it is past. or as a watch of the night. You made an end of them in their sleep;

the next morning they are like the changing grass. Which at dawn springs up anew, but by evening wilts and

2 Truly we are consumed by your anger. and by your wrath we are put

to rout. You have kept our iniquities before you,

our hidden sins in the light of your scruting. All our days have passed away

in your indignation; we have spent our years like a sigh Seventy is the number of our

years. or eighty, if we are strong, And most of them are fruitless

for they pass quickly and we drift away. Who knows the fury of your

or your indignation towards those who should fear you?

Teach us to number our days aright, that we may gain wisdom of heart.

Return O Lord! How long? Have pity on your servants! Fill us at daybreak with your

kindness. that we may shout for joy and gladness all our days. Make us glad, for the days when you afflicted us.

for the years when we saw evil. Let your work be seen by your

servants and your glory by their children:

And may the gracious care of the Lord our God be ours; for us!
